## **Gender Pay Gap Report 2019**

### **Gender Pay Gap**

The gender pay gap is defined as the relative difference in the average aggregate earnings of women and men. At Keychange we are committed to equality of opportunity in the workplace. Decisions on pay are made on the weight and responsibility of the role.

We strive to pay our staff a fair salary that is proportionate to the complexity of each role, and in line with our charitable objectives and mission. Our values of People First, All Are Equal and Justice for All are very important to ensure we continually strive to improve and address any issues of unfairness in our gender pay gap.

The Equality Act 2010 (Gender Pay Gap Information) Regulations 2017 requires us to carry out Gender Pay Reporting. This involves carrying out six calculations that show the difference between the average earnings of men and women in our organisation. We can then use these results to assess the levels of gender equality in our workplace, the balance of male and female employees at different levels, and how effectively talent is being maximised and rewarded.

### **Our Gender Pay Gap (%)**

Keychange's workforce is representative of the care sector as a whole and we have more female employees (82.3%) than male (17.7%). The data in this report is based on a snapshot as at 5<sup>th</sup> April 2019.

Percentage difference between Male and Female employees:

	<b>Mean</b>	<b>Median</b>
<b>Hourly Pay</b>	12.0	0.0

Keychange's 12% gap is lower than the ONS estimated national average of 17.3% for all employees.

## Pay Quartiles (%)

	Lower Quartile	Lower Middle Quartile	Upper Middle Quartile	Upper Quartile
<b>Male</b>	13.0	23.1	10.3	24.4
<b>Female</b>	87.0	76.9	89.7	75.6

The above table shows the distribution of males and females across four equally sized quartiles which demonstrates an improving more equitable picture in the upper quartile.

As previously mentioned, there are more females than males employed in the social care sector our pay distribution demonstrates a level of consistency of genders across all pay bands in the organisation.

### Moving Forward

Keychange is committed to addressing any gender pay gap by:

- Continuing to ensure that our Equal Opportunities policies and procedures remain clear throughout the process.
- Improving our job offer process to ensure fairness of offers being made to new starters.
- Always consider offering flexible term contracts as appropriate.
- Regularly review roles and salary levels to ensure our roles are graded and weighted appropriately.
- Ensuring our career development offer is accessible and attractive.
